You May Determine Your Own Health

To a great extent you determine good or poor health by your selection of pure or impure foods.

If you are satisfied with any kind of food, you jeopardize your health. But if you demand articles of food, which you have every reason to believe are pure, you protect your health.

Adopt the latter policy; it's the sensible thing to do, and will prove economical in the long run. When you buy sugar, remember that Utah-Idaho Sugar is absolutely Pure, and will accomplish perfect results in cooking and for sweetening purposes.

Buy it by the sack.

UTAH-IDAHO SUGAR
ABSOLUTELY PURE
